“ Diane and Marvin, my heart felt sympathy and condolence to you both and your families. My intentions were to make a connection with you all sooner and life just got in the way. I remember little sweet, Judy so well as a child.
Thinking of you all

“ My baby sister is with family, friends and all her rock-n-roll heroes. I am happy for her. I am selfish because I still want her with me. I love her as much as she loves me, and I will miss her terribly. Maybe not the loud drums so much. But...let's face it she was great at playing and singing. Miss you Bug!
