“ I worked with Shanna at Holston Valley. She was a great nurse. I also worked with her husband. They both were very good friends of mine. She will be greatly missed.

“ I will never forget Shanna. She was such a loving and caring person, who helped me get through one of the toughest times in my life while I lived in TN. She and I worked together at Holston Valley and she lived with me while she was on assignment for a time. She helped me study countless times for nursing school and gave me the confidence I needed to keep going. She and Sue were my "family" for my nursing school Blessing of the Hands" ceremony. I loved her.
Brad and I worked the weekends together and I was so happy they found each other and the love they shared. May her family know my prayers of comfort and peace. Our hearts are broken, but God has shown his mercy and she is at peace waiting for us all in Heaven.

“ Shanna and I used to play in a storage shed we called the barn cuz it was more like a storage building when we lived in Taft. I found this old book and while we were reading it and every time she would read the words, cock-a-doodle-doo, we would laugh so hard we couldn't continue. I have no idea what the name of that book was or how it ended. I just remember laughing so hard. Shanna was the one with the big smile and a laugh that made you feel good.
