“ When I was very small I remember Sue bringing a boomerang up to my grandmothers house. When she told me she could throw it and it would come back, I was totally amazed. The next moment it indeed came back but Sue missed it and it ended up on my grandmothers roof.Sue raised me up to reach it just past the edge. At that time I thought Sue was like 6 foot tall. Of course anyone who knew Sue, knew she felt as though she was 6 foot tall when she set out to do something. I tried to send her an invitation to my wedding and found out later, I had sent the wrong Sue Davenport the invitation as a young couple explained we had a beautiful wedding but did not know either my wife nor myself. I figured it out when she introduced herself as Sue davenport. I have prayers for all who knew her and miss her. I have some fond memories of her including spending the night with her and my aunt.I pray Sue is resting well now.

“ Sue was one of my favorites ! Always happy , blessed with a sense of humor, and love for real country music. I had the pleasure of escorting her to see and hear the Carter Family in 1961 At an impromptu event in Mendota and years later at a Loretta Lynn concert in Bristol . Both some of my fonndness memories . Sue was special and the memory of her will not dim. My condolences to her family .
